

F.L.A.G.S.

French Language and Global Study

2 + 12 month program

The University of British Columbia's Faculty of Education presents a **new teacher education cohort option** for those interested in teaching French in elementary school settings.

Improve your French in a 5-week immersion experience in a Québec university.

Develop the skills to teach Core French during the 12-month Elementary Generalist option taught in English but with 2 courses conducted 50% in French and a practicum that includes Core French as a specialty teaching area.

Apply by February 23, 2007*
•to be eligible for federal funding

July 2007: 5-week French immersion experience at a Québec university starts
(* funding for this experience includes tuition and accommodation)

Sept 2007: 12-month FLAGS teacher education cohort option at UBC starts

•"I used what I learned in LLED 324 [one of FLAGS's 50% French courses] during my practicum. It was great! The kids loved it and picked up the language. I actually spoke French myself! Without this course, I wouldn't have applied for, much less succeeded in getting, this job!"

(Rob Tardif, BEd, UBC, 2006 graduate, now a core French teacher)
